Floor Mount

This publication provides procedures for installing the Floor Mount Kit to NCR SelfServ™ XK32 (2247).

The Floor Mount requires to be bolted to the floor using four anchor bolts and nuts. It is the responsibility of the owning institution to provide the anchors to secure the kiosk.

For floor bolt holes and anchor details, refer to the "Floor Only Mounting Details" section of the *NCR SelfServ XK32 (2245) Site Preparation* (BCC5-0000-5245).

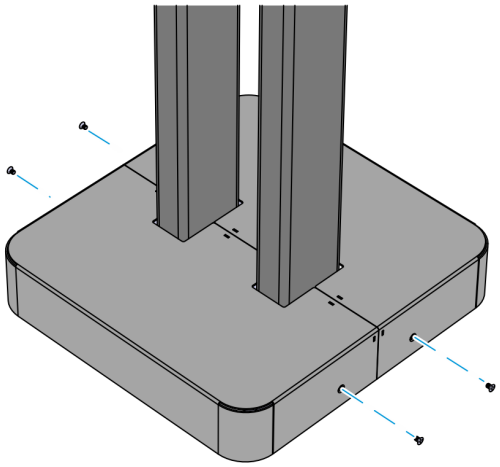
* Items marked with an asterisk are not called out on the image.

Installation Procedure

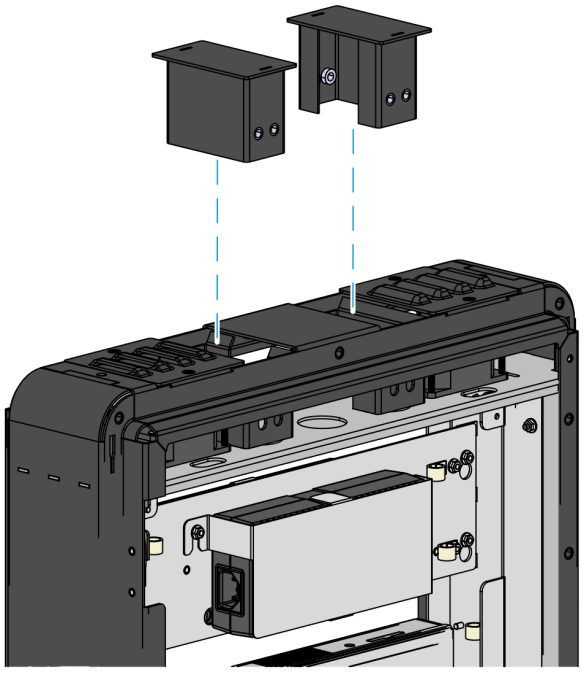
Installing the Floor Mount kit involves the following procedures:

1. Remove the Base Stand Covers from the Floor Mount Assembly by removing the screws indicated in the following image.



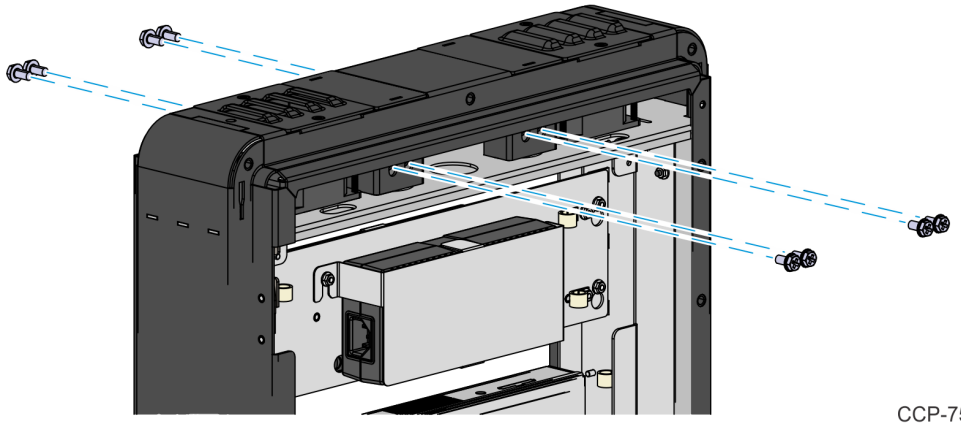
CCP-75990

2. Install the Floor Mount. For procedures, refer to *Installing the Floor Mount* on the facing page.
3. Install the Base Stand Cover and secure them with four screws.
4. Install the Main Frame. For procedures, refer to *Installing the Main Frame* on page 8.
5. Install the two Top Blanking Covers.
   a. Insert the Top Blanking Covers into the Main Frame.



CCP-75988

b. Secure the Top Blanking Covers to the Main Frame using four M6 hex head screws for each cover.



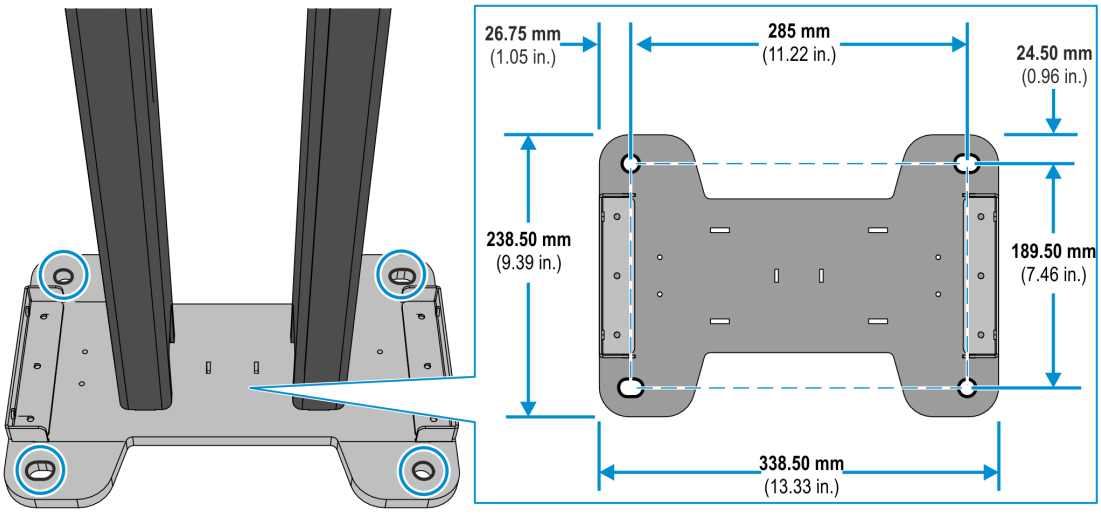
CCP-75987

Note: For installation procedures of other kiosk components, refer to *NCR SelfServ™ XK32 (2245) Kiosk Operator Guide* (BCC5-0000-5247).

Installing the Floor Mount

To install the Floor Mount, perform the following steps:

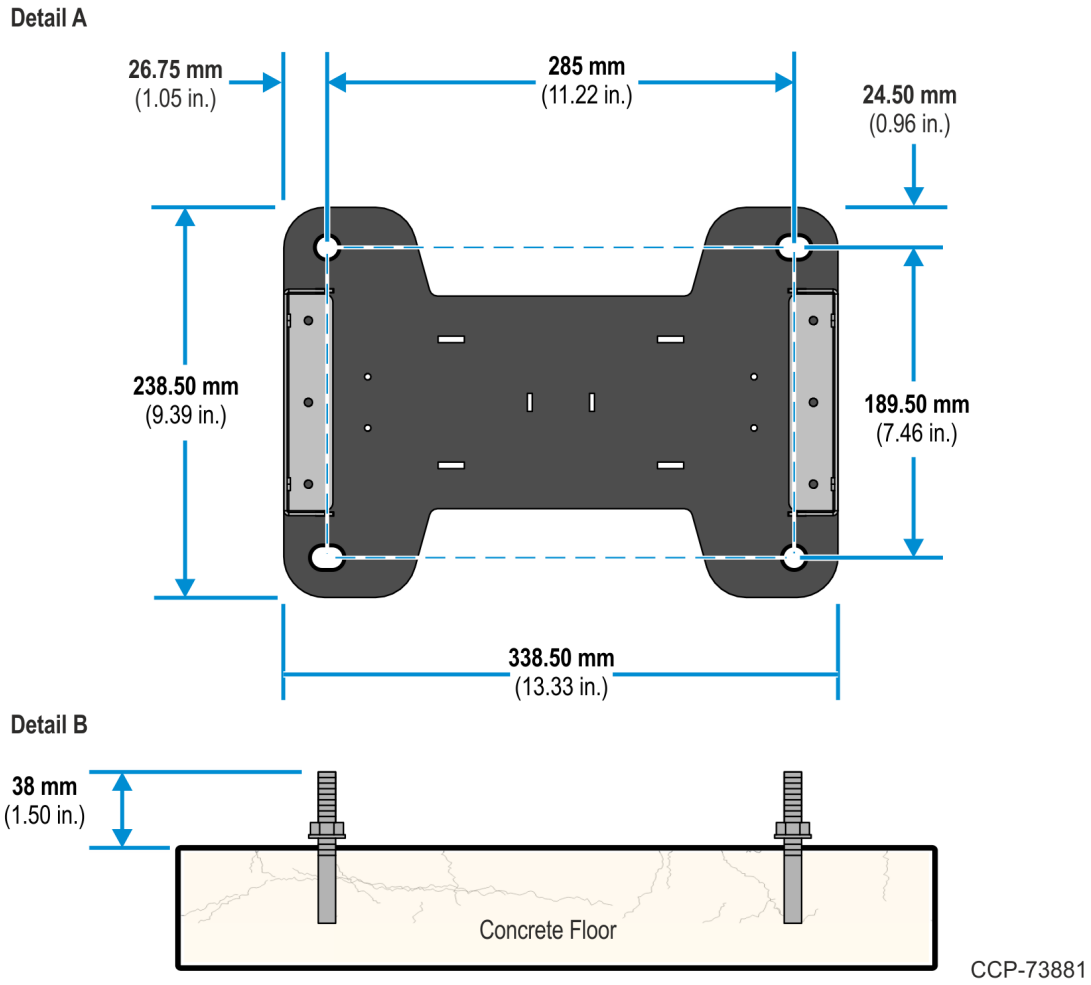
1. Position the Floor Mount on the final installation location of the kiosk and mark the floor mounting holes on the floor.



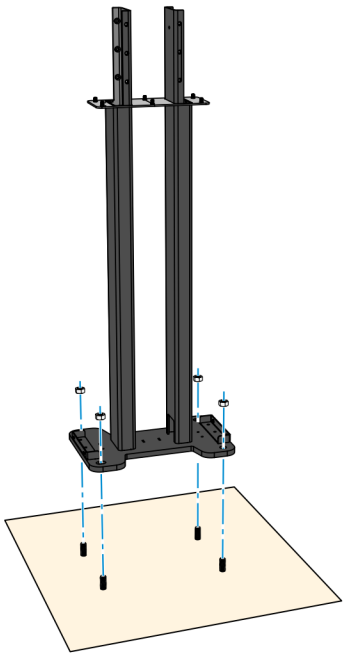
CCP-73880

2. Remove the Floor Mount.

3. Drill four mounting holes and install the four anchors.
   a. Drill four **12 mm** (0.50 in.) holes over the marked mounting hole locations.
   b. Install four anchors into the drilled mounting holes. Make sure that the tip of the anchors do not exceed **38 mm** (1.50 in.) from the floor surface.



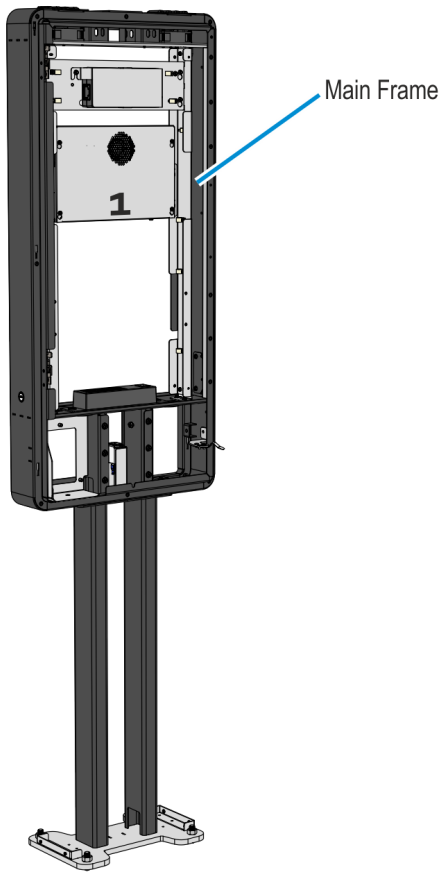
4. Mount and secure the Metal Stand Legs on the anchors using four M12 nuts.



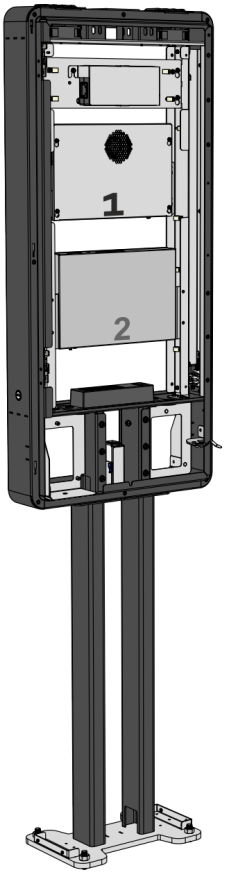
CCP-73341

Installing the Main Frame

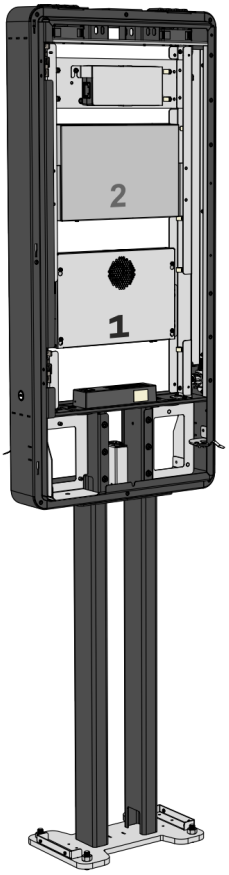
Caution: Due to its weight, installing the Main Frame to the Leg Stand requires at least two persons.



Single-Sided Kiosk



Dual-Sided Kiosk
(Primary Terminal)



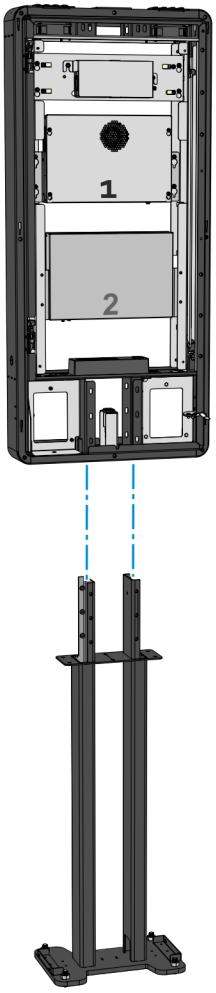
Dual-Sided Kiosk
(Secondary Terminal)

CCP-73856

To install the Main Frame, perform the following steps:

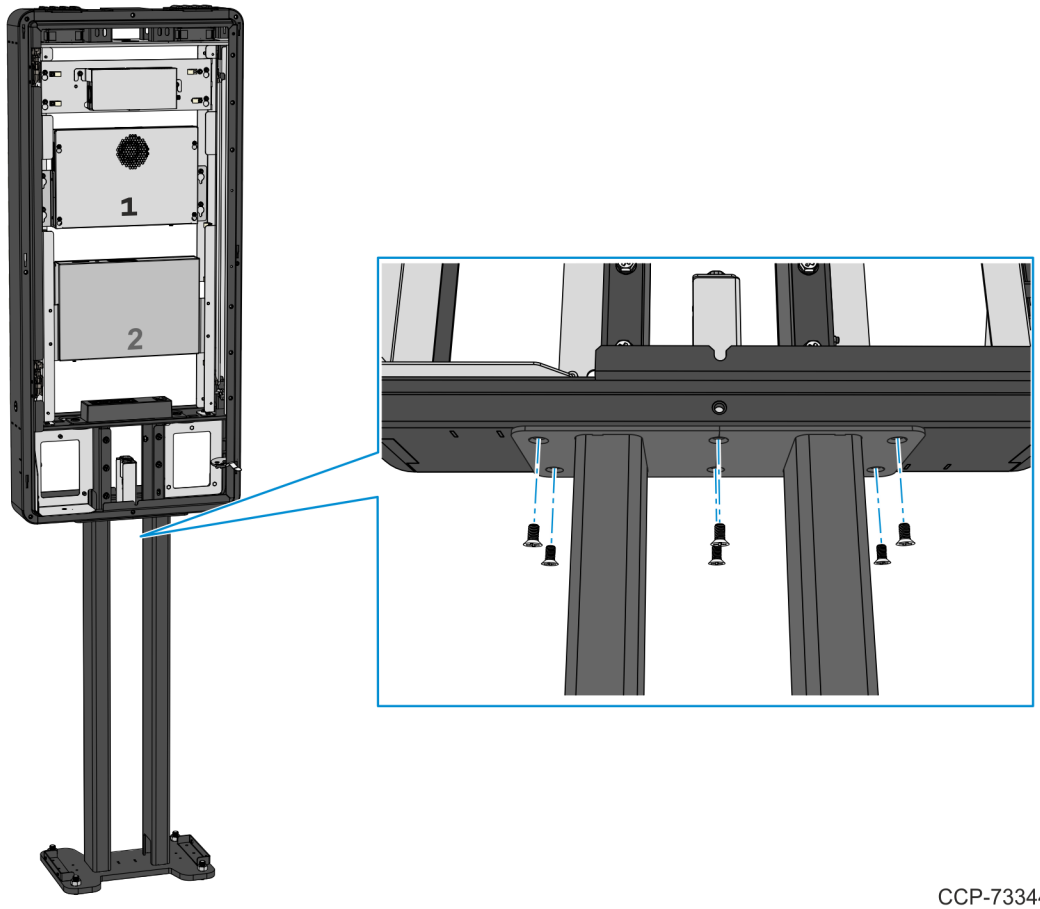
1. Insert the Main Frame Assembly to the Leg Stand.

⚠ **Caution:** Continue to support the frame while it is being secured to the stand.



CCP-73342

2. On the bottom side, secure the Main Frame to the stand plate using six M6 flathead screws.



CCP-73344

3. On the front and rear sides, secure the Main Frame to the stand using six M6 combination screws on each leg.
