Installation Procedures

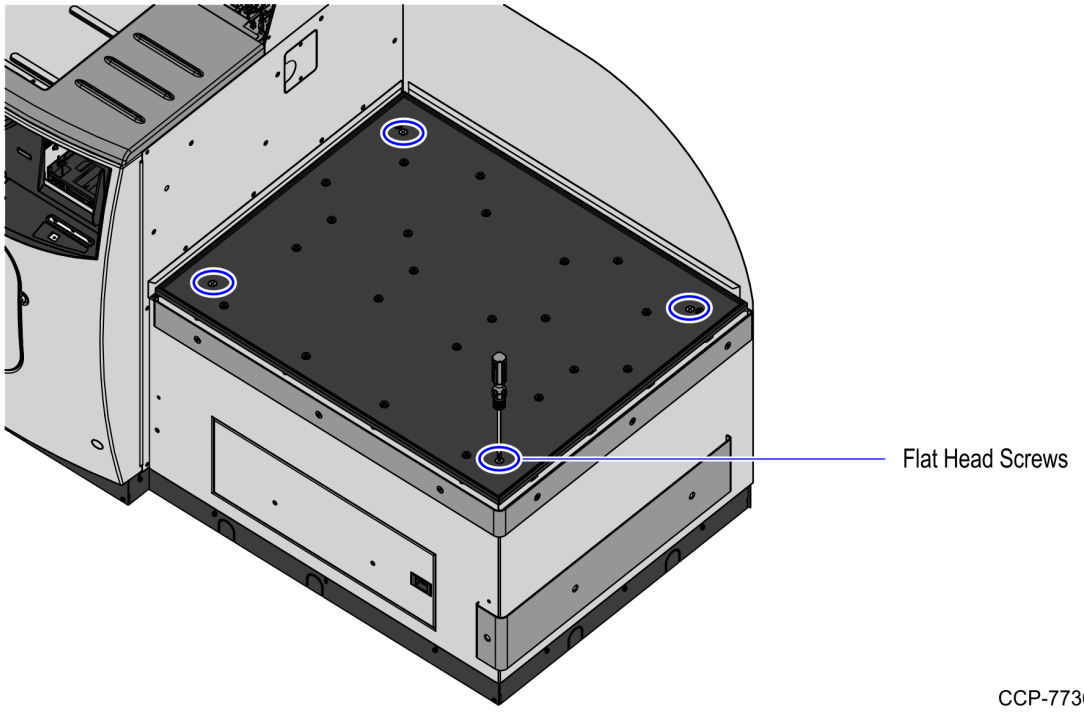
Installing the Bagwell Skin involves the following procedures:

1. *Removing Bagwell Skin* on the next page.
2. *Installing Bagwell Skin* on page 10.

Removing Bagwell Skin

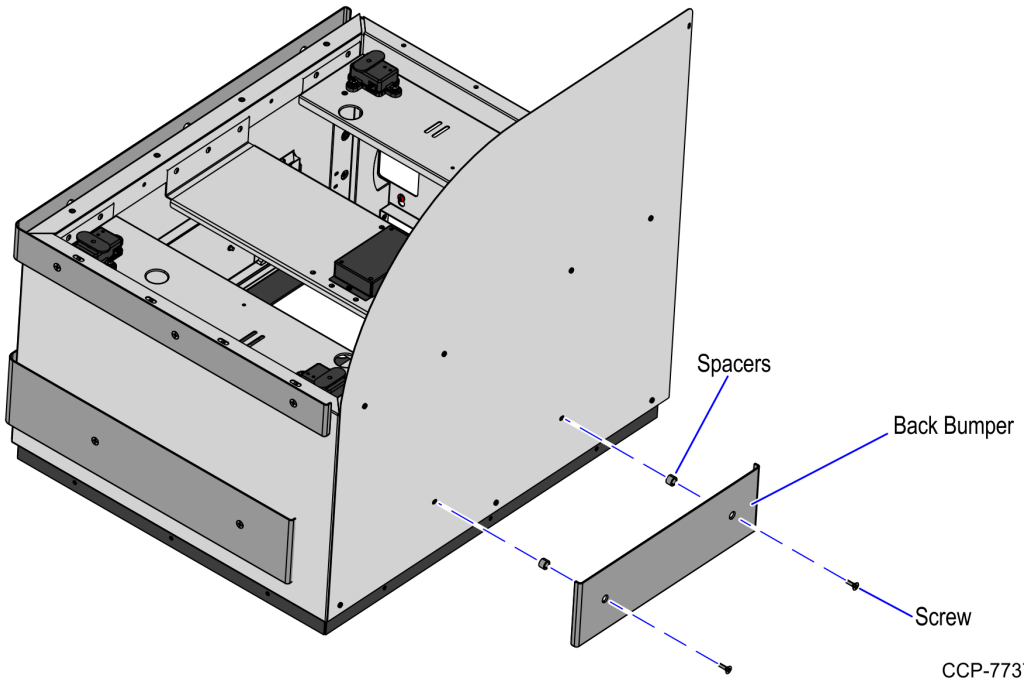
To remove the existing Bagwell Skin, follow these steps:

1. Remove the bag racks, if necessary. For more information, refer to *Removing Bag Racks* on page 17.
2. Detach the Scale Tray from the Bagwell by removing four (4) flat-head screws.

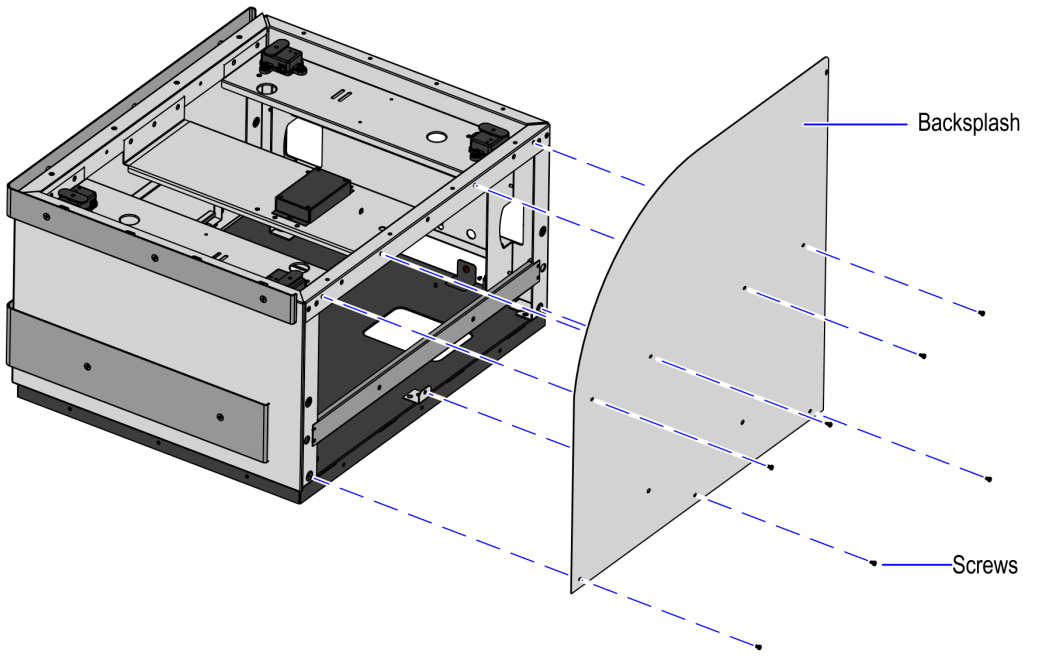


3. Remove the bumpers and the Backsplash by doing the following:
   a. Remove the upper rear screw attaching the Backsplash to the Core.

   b. Detach the lower-rear bumper from the Bagwell by removing two (2) flat-head screws.

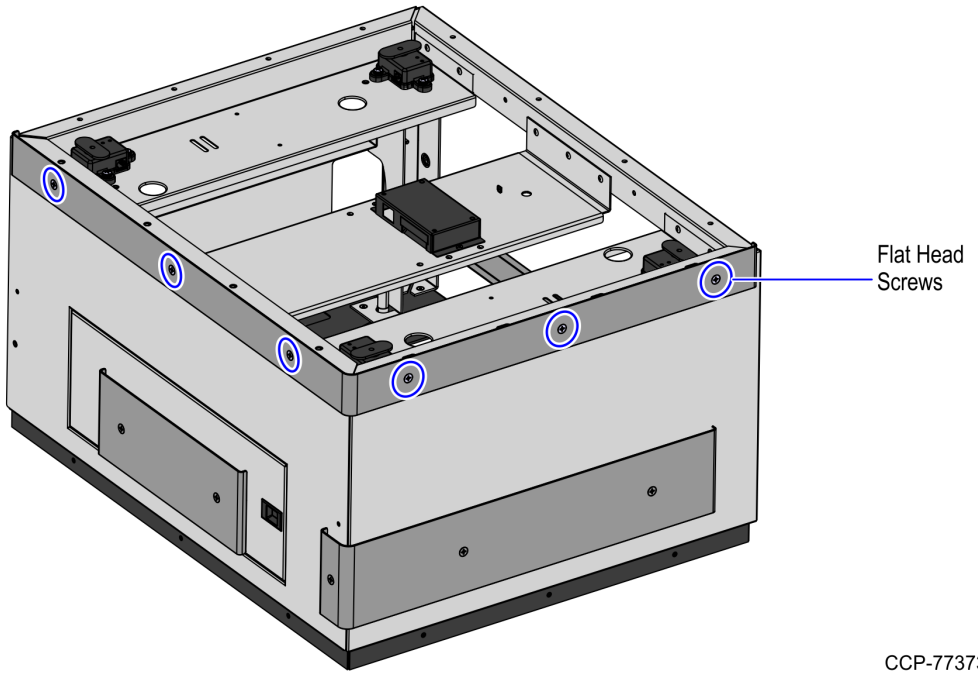


c. Detach the Backsplash from the Bagwell by removing seven (7) flat-head screws.



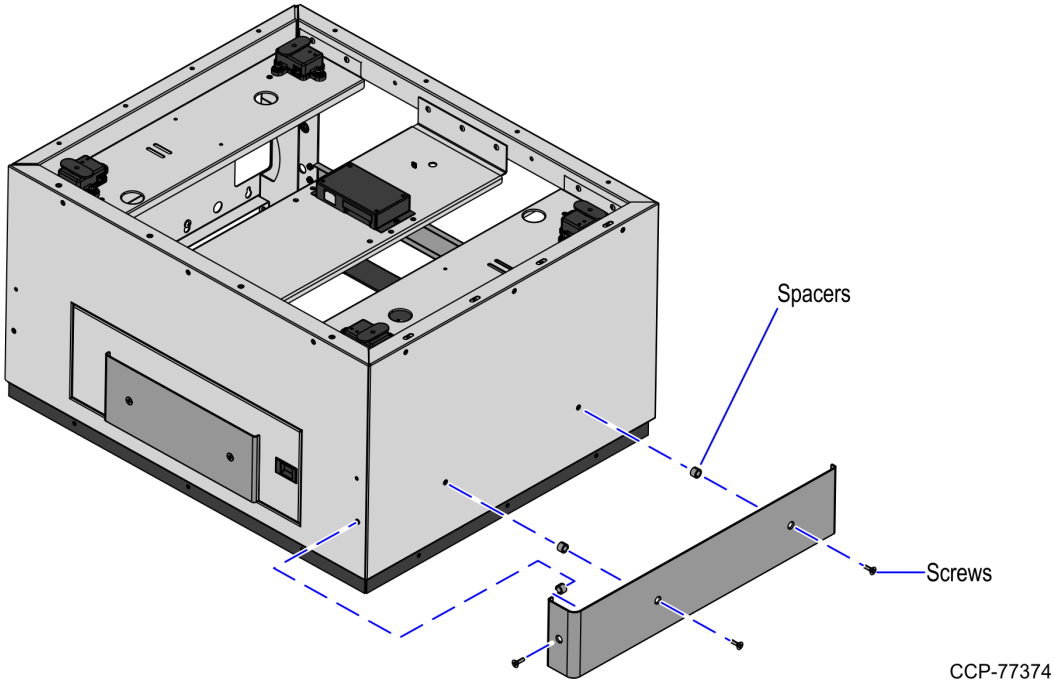
CCP-77372

d. Detach the upper bumper from the Bagwell by removing six (6) flat-head screws and spacers, as shown in the image below.

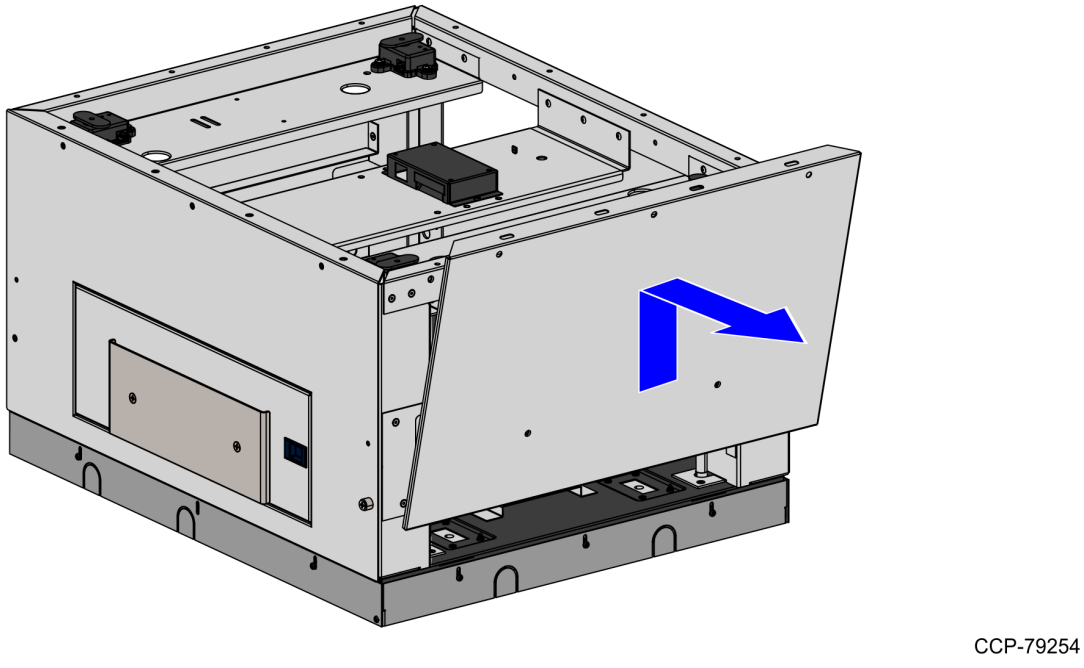


CCP-77373

e. Detach the wrap-around side bumper by removing three (3) flat-head screws and spacers, as shown in the image below.

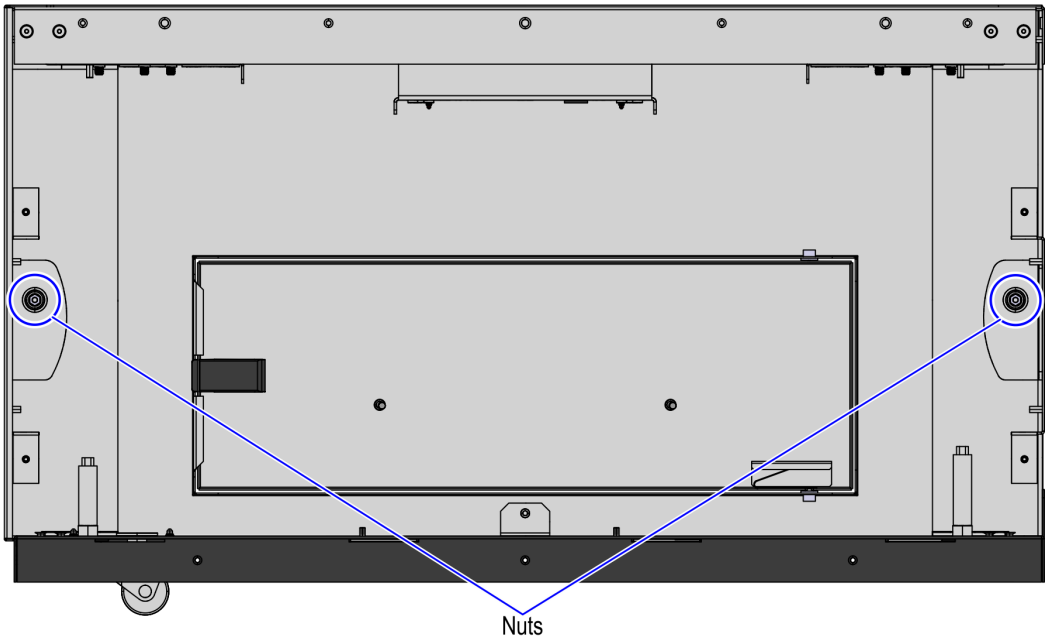


4. Lift and pull the Side Panel from the Bagwell frame, as shown in the image below.



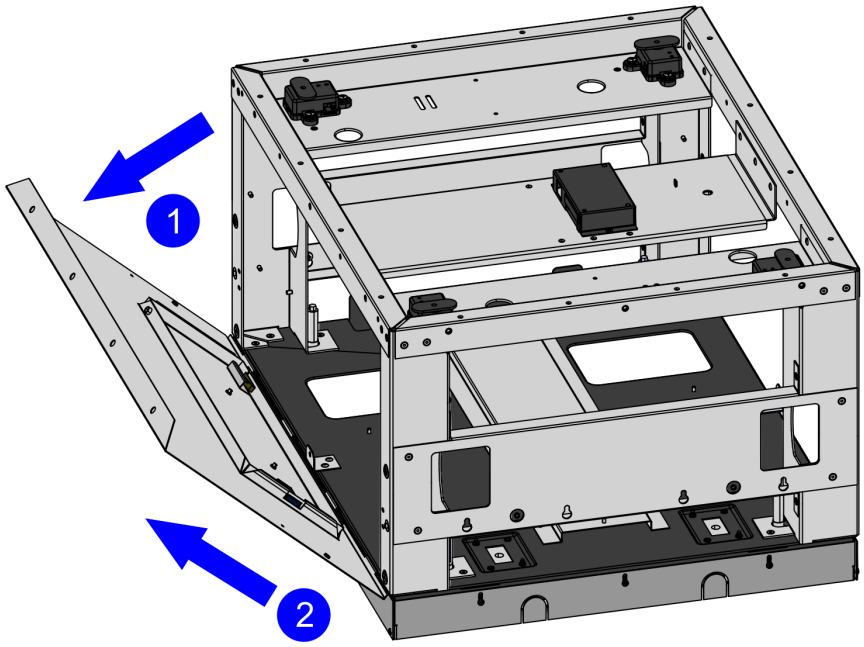
5. Remove the Front Panel by doing the following:
   a. Remove two (2) nuts securing the Front Panel to the Bagwell frame located at the inside corner posts.

Note: Set aside the nuts for reinstallation.



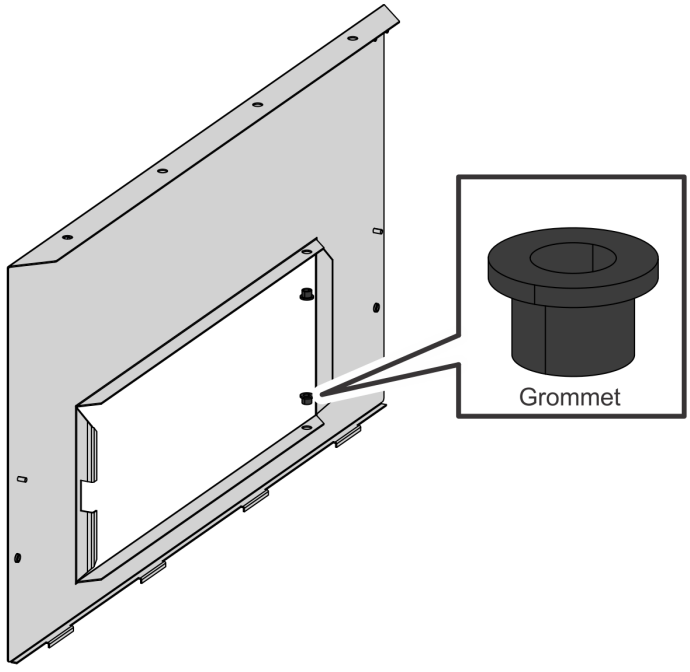
CCP-77375

b. Pull down the Front Panel and then pull out to disengage from the slots in the Bagwell frame base, as shown in the image below.



CCP-79253

Note: Set aside the two (2) grommets from the access door for reinstallation.

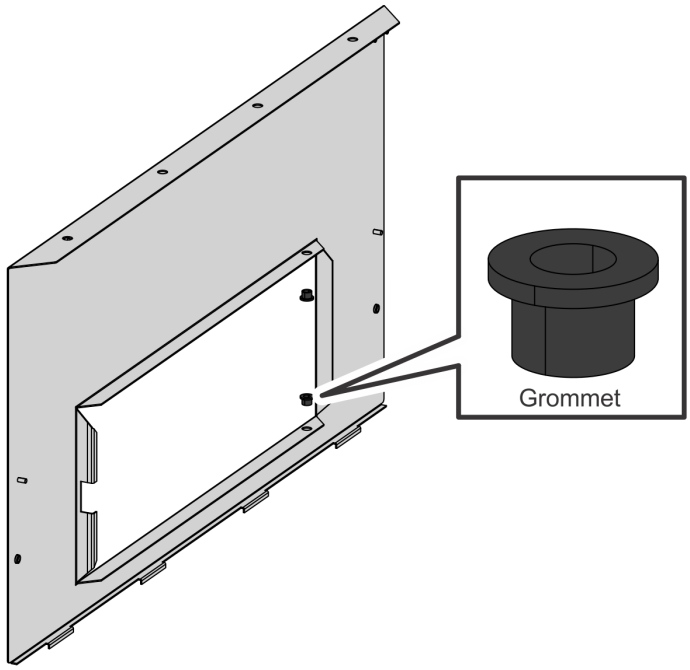


CCP-79255

Installing Bagwell Skin

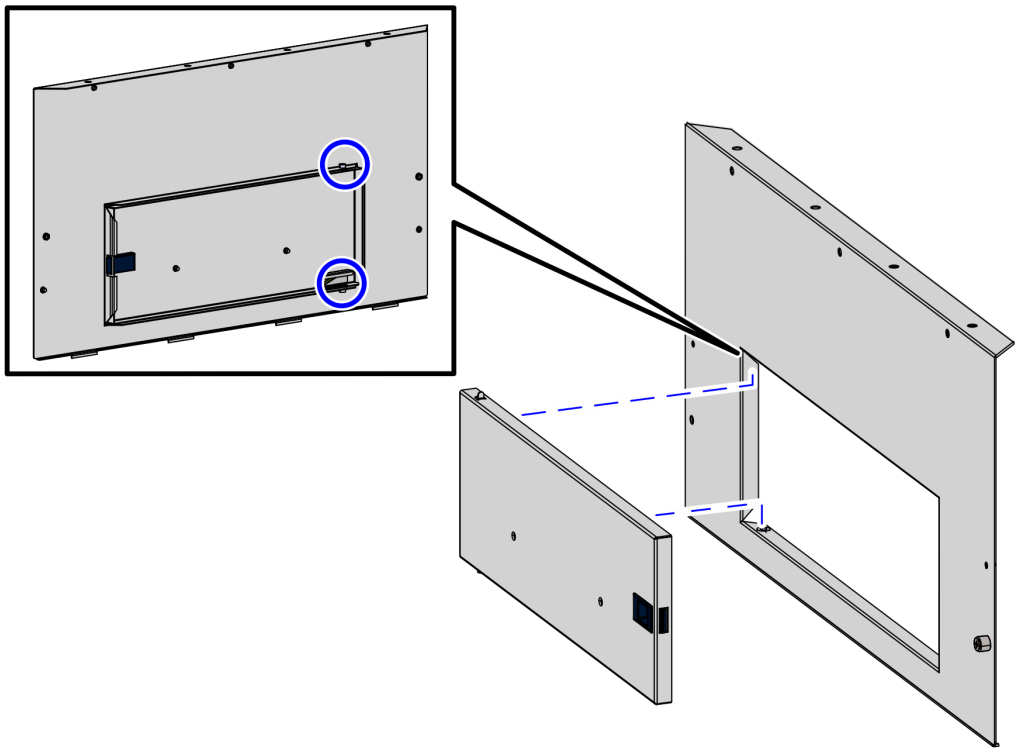
To install the Bagwell Skin, follow these steps:

1. Remove the existing Bagwell Skin, if necessary. For more information, refer to *Removing Bagwell Skin* on page 4.
2. Install the Bagwell access door on the Front Panel by doing the following:
   a. Insert the grommet into the hinge slot of the access hole, as shown in the image below.



CCP-79255

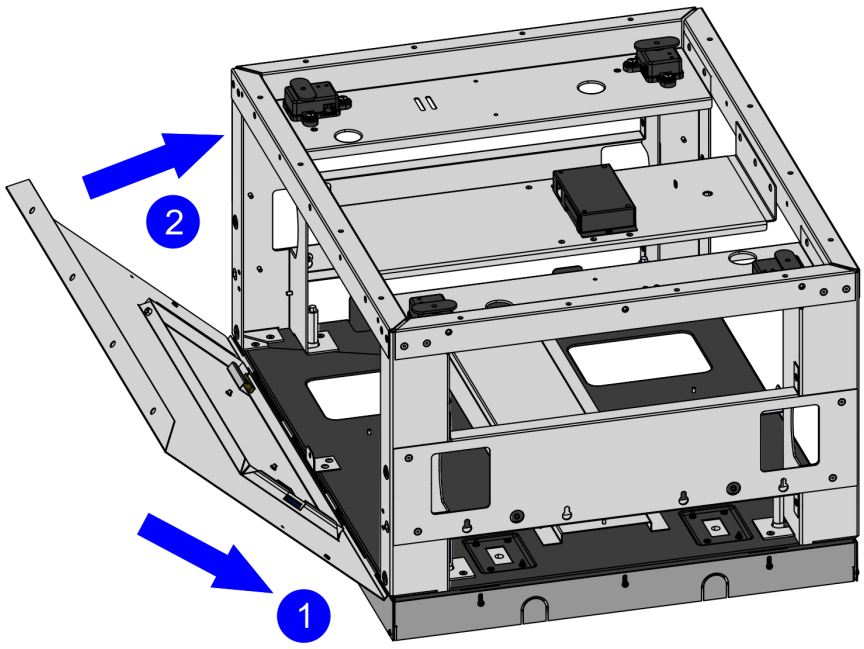
b. Insert two (2) hinges into the hinge slots of the access hole, as shown in the image below. The Bagwell access door comes with hinges.



CCP-79257

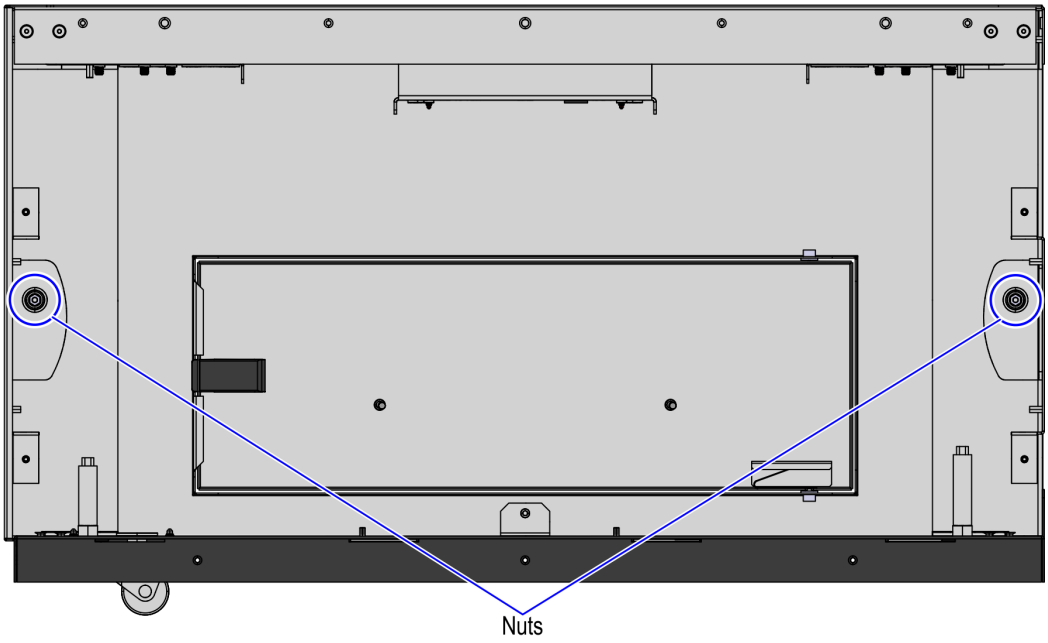
3. Install the Front Panel by doing the following:

   a. Align and insert the two (2) bottom tabs of the Front Panel to the slots of the Bagwell frame base.



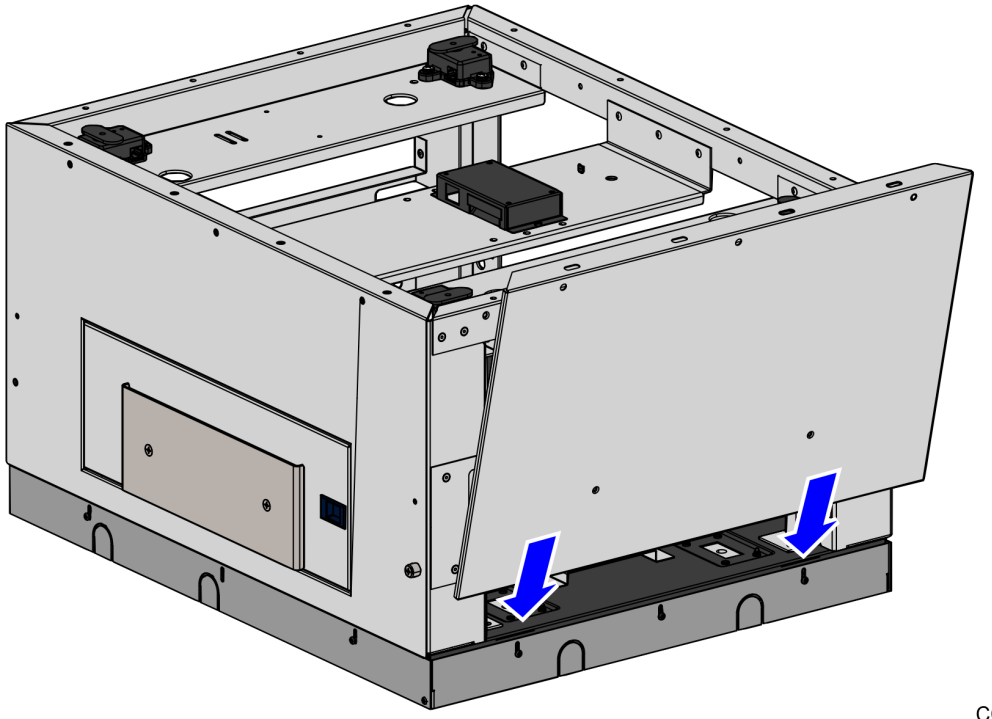
CCP-79256

b. Secure the Front Panel to the Bagwell frame using two (2) nuts, as shown in the image below.



CCP-77375

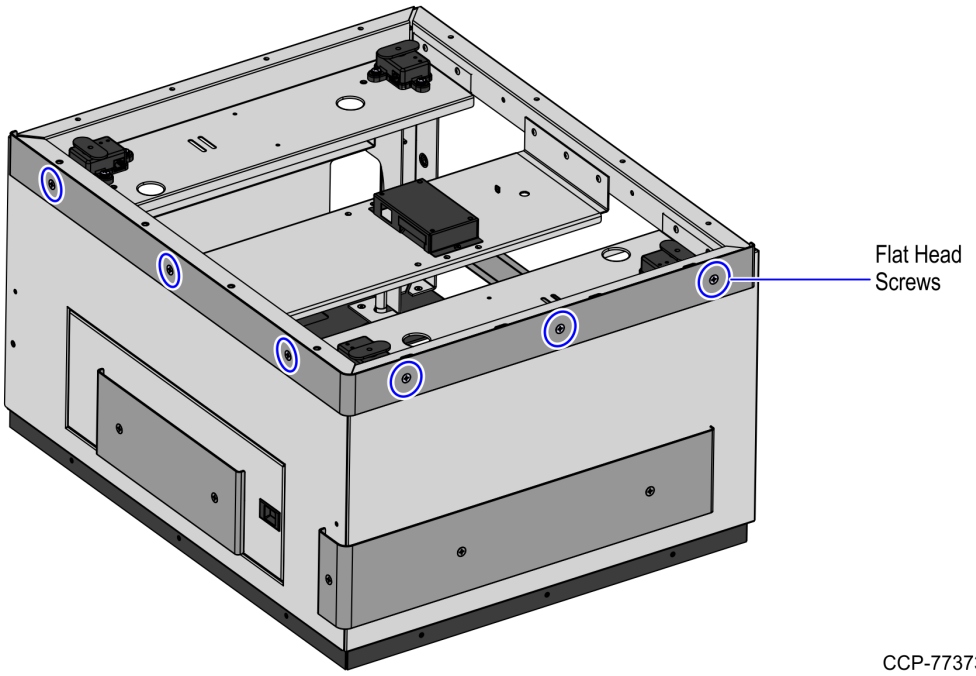
4. Mount the Side Panel to the Bagwell frame by inserting its two (2) bottom tabs to the slots of the Bagwell frame base, as shown in the image below.



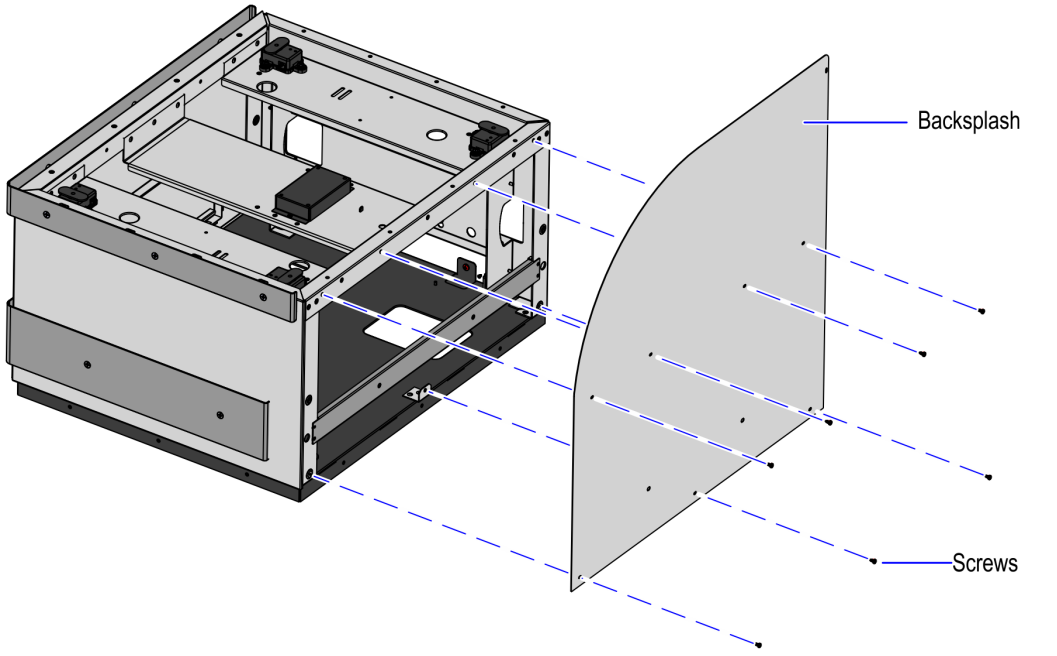
CCP-79258

5. Install the bumpers and the Backsplash to the Bagwell by doing the following:
   a. Attach the wrap-around bumper to the Bagwell by using three (3) flat-head screws and spacers.

   b. Attach the upper bumper to the Bagwell by using six (6) flat-head screws and spacers.

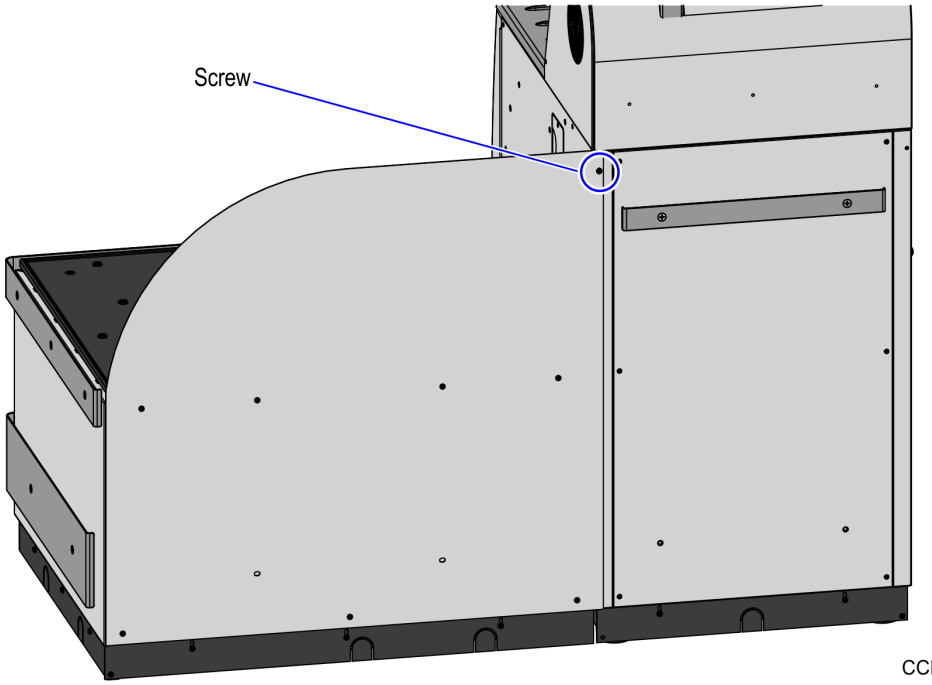


c. Attach the Backsplash to the Bagwell frame using seven (7) screws.



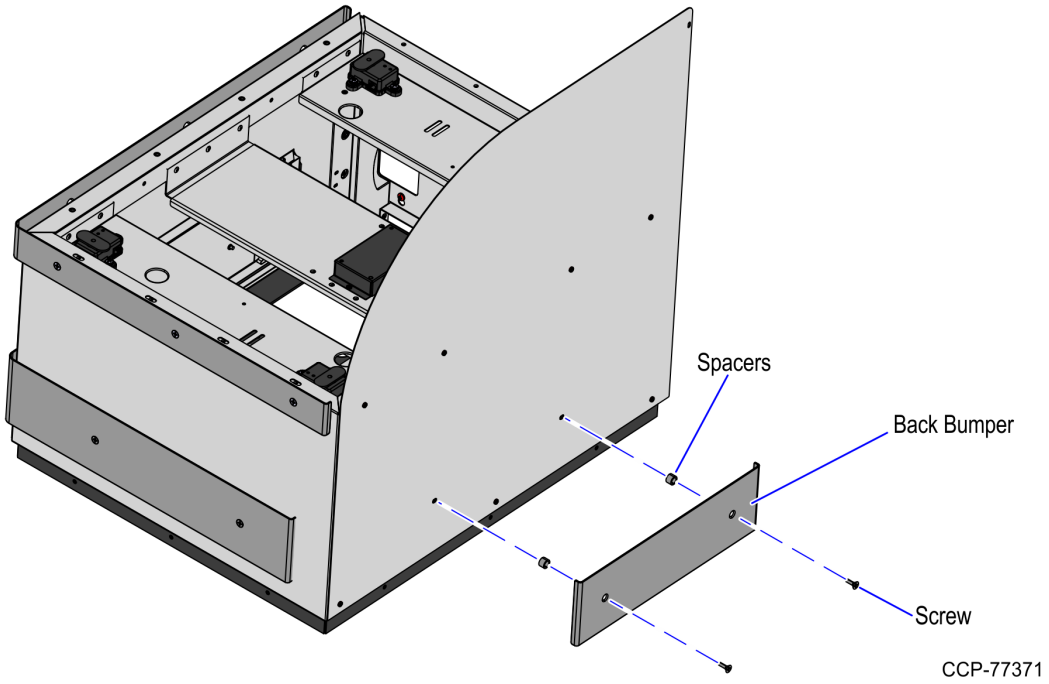
CCP-77372

d. Secure the Backsplash to the Core Cabinet using one (1) screw.



CCP-77368

e. Attach the lower-rear bumper to the Bagwell using two (2) flat-head screws.

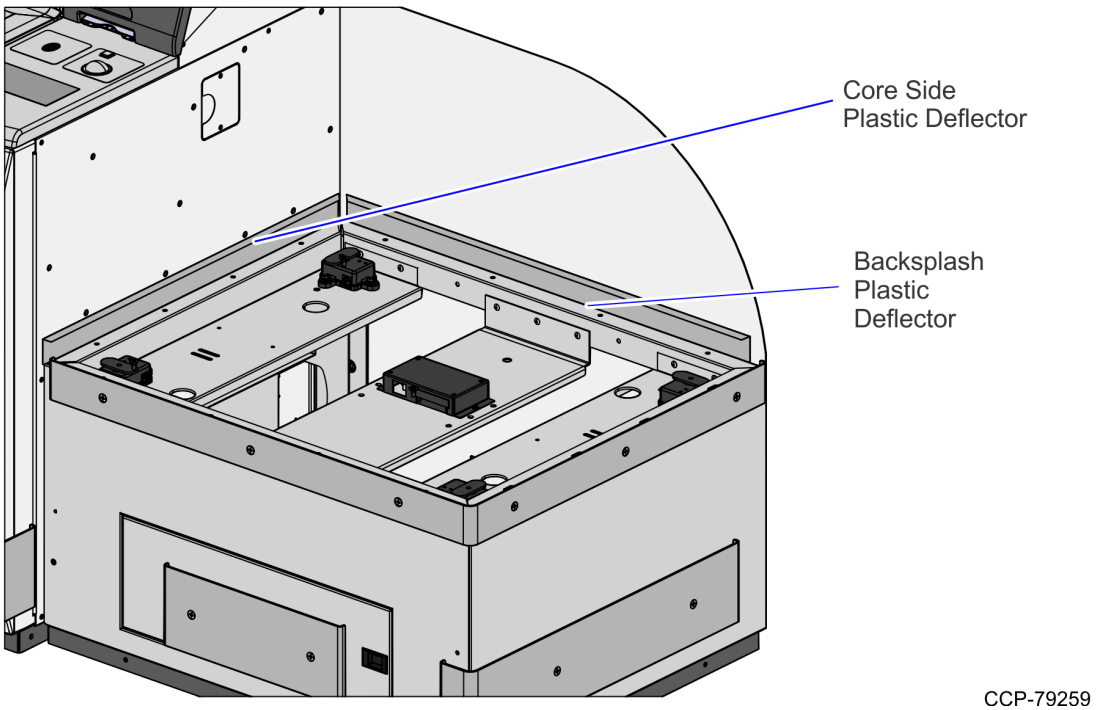


6. Do the following:

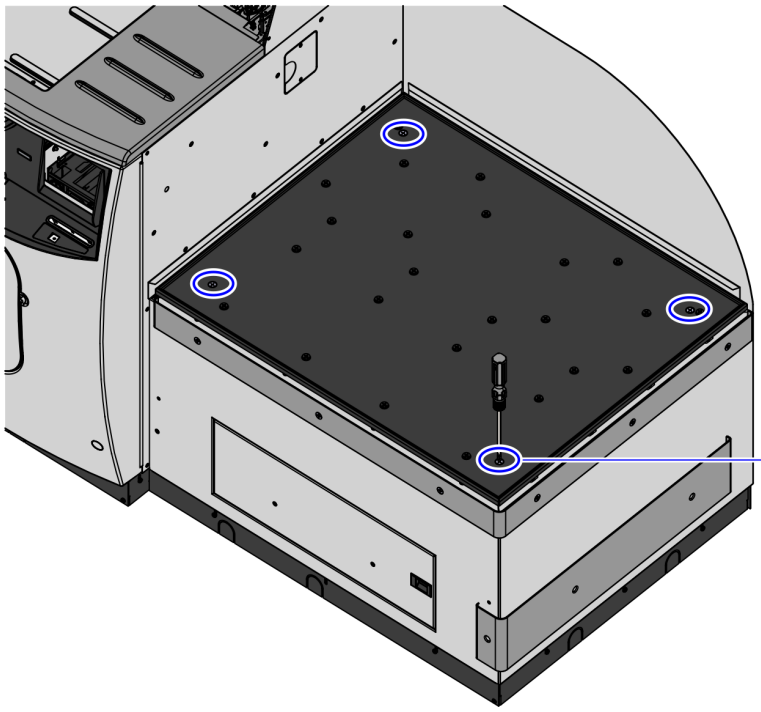
   a. Peel off the adhesive lining from the back of the Plastic Deflector.

   b. Attach the Plastic Deflector to the Backsplash.

Note: Ensure that the Plastic Deflector on the Backsplash is of the same height level with the Core Side Deflector.



7. Attach the Scale Tray to the Bagwell using four (4) flat-head screws.

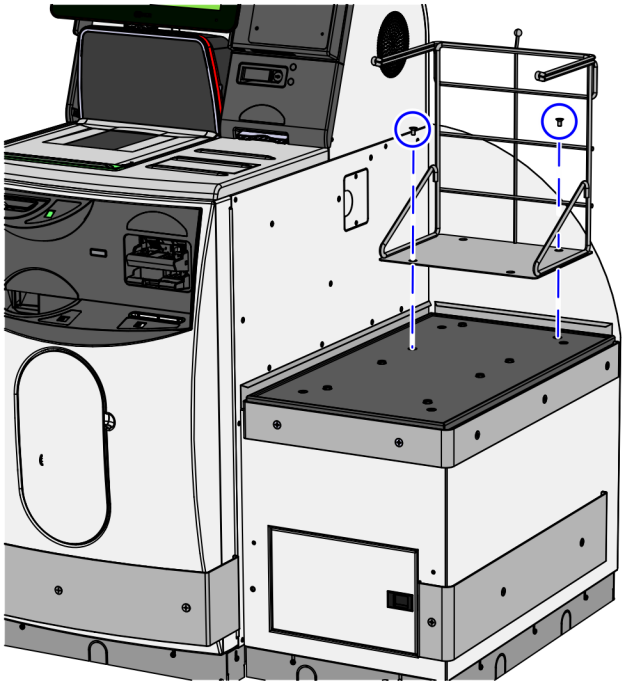


CCP-77365

Removing Bag Racks

To remove bag racks from the Scale Tray, loosen two screws that are securing each bag rack.

Note: For the purpose of illustration only, the image below shows a 1-Bag Bagwell configuration.



CCP-79243

Note: Bag racks can be installed facing forward or to the side. This procedure removes the bag racks that are facing forward only as an example.
