7360-K998 CR5000 Coin Recycler Type B Hopper

The CR5000 Coin Recycler Type B Hopper Kit supports the Euro SelfServ Checkout Preferred Offer that requires converting a Non-Rounding System to a Rounding System. The conversion involves configuring the system with four (4) Type B Hoppers. This publication provides procedures for replacing a Type A Hopper with a Type B Hopper in either of the following units:

- NCR FastLane SelfServ™ Checkout (7360)
- NCR FastLane SelfServ™ Checkout Cash Tender Module (CTM) (7362)

Installation Procedures

Installing the CR5000 Coin Recycler Type B Hopper involves the following procedures:

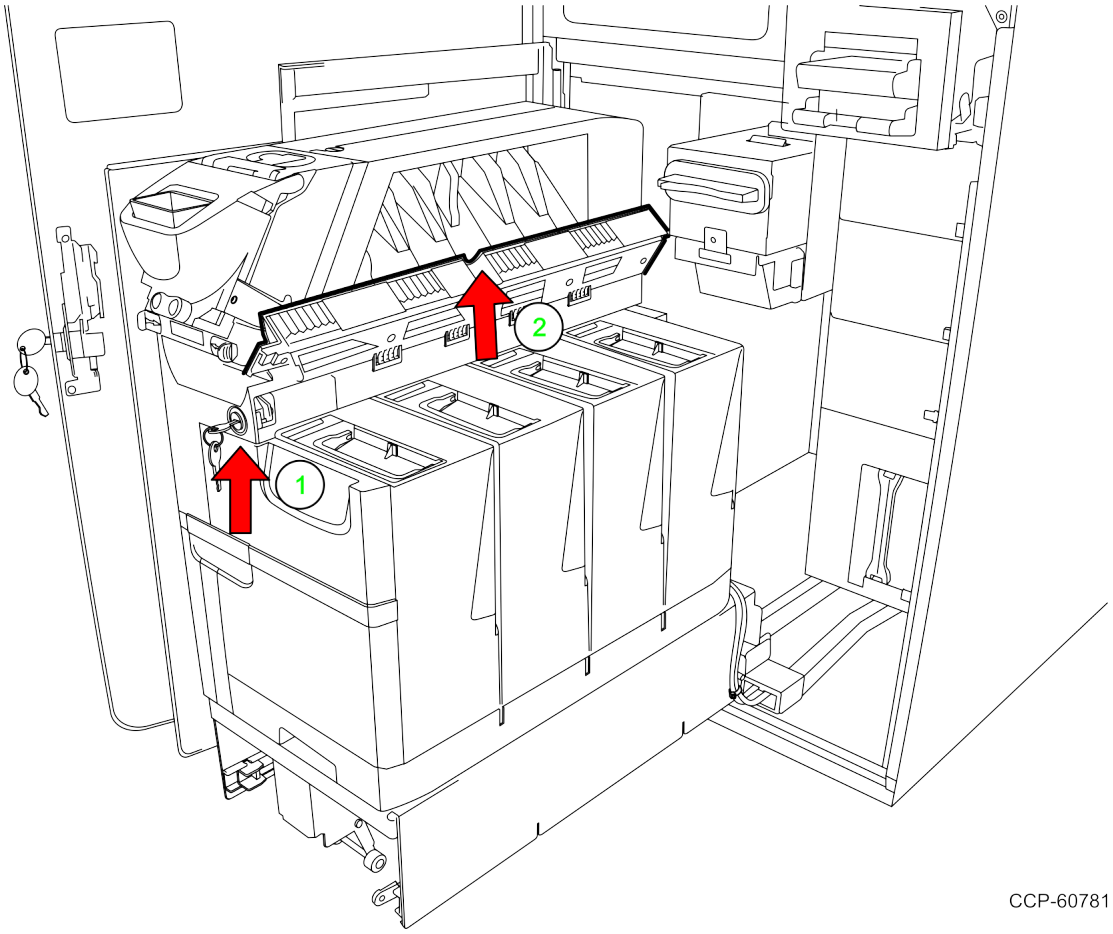
- *Removing Hoppers* on the facing page.
- *Installing Hoppers* on page 5.

Removing Hoppers

To remove an existing Hopper, follow these steps:

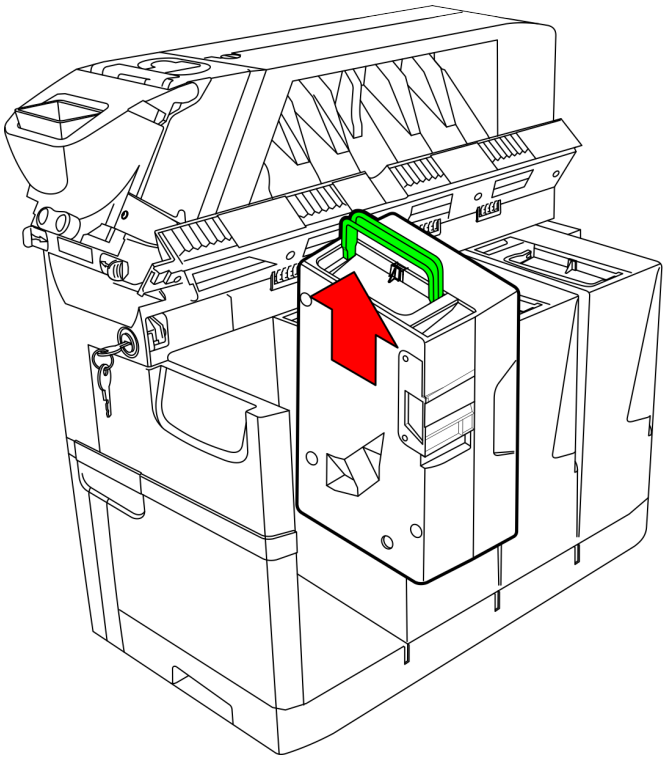
Note: To convert a Non-Rounding System to a Rounding System, replace the existing Type A Hoppers with four (4) Type B Hoppers.

1. Access the CR5000 Coin Recycler.
2. Unlock the Coin Recycler and then raise the locking bar.



Note: When the Locking bar is lifted to access the hoppers, the power is automatically turned off to these modules.

3. Remove a hopper by tilting it and then lifting it up and out using the green handle as shown below.



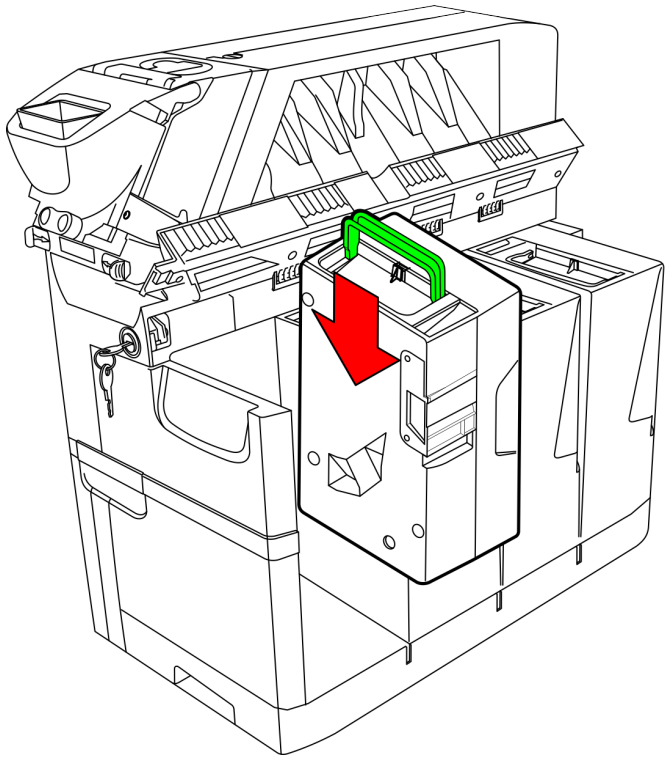
CCP-60952

Installing Hoppers

To insert a new Hopper, follow these steps:

1. When necessary, remove existing hoppers. For more information, refer to *Removing Hoppers* on page 3.
2. Install a hopper by tilting it and then sliding it into the corresponding divider as shown below.

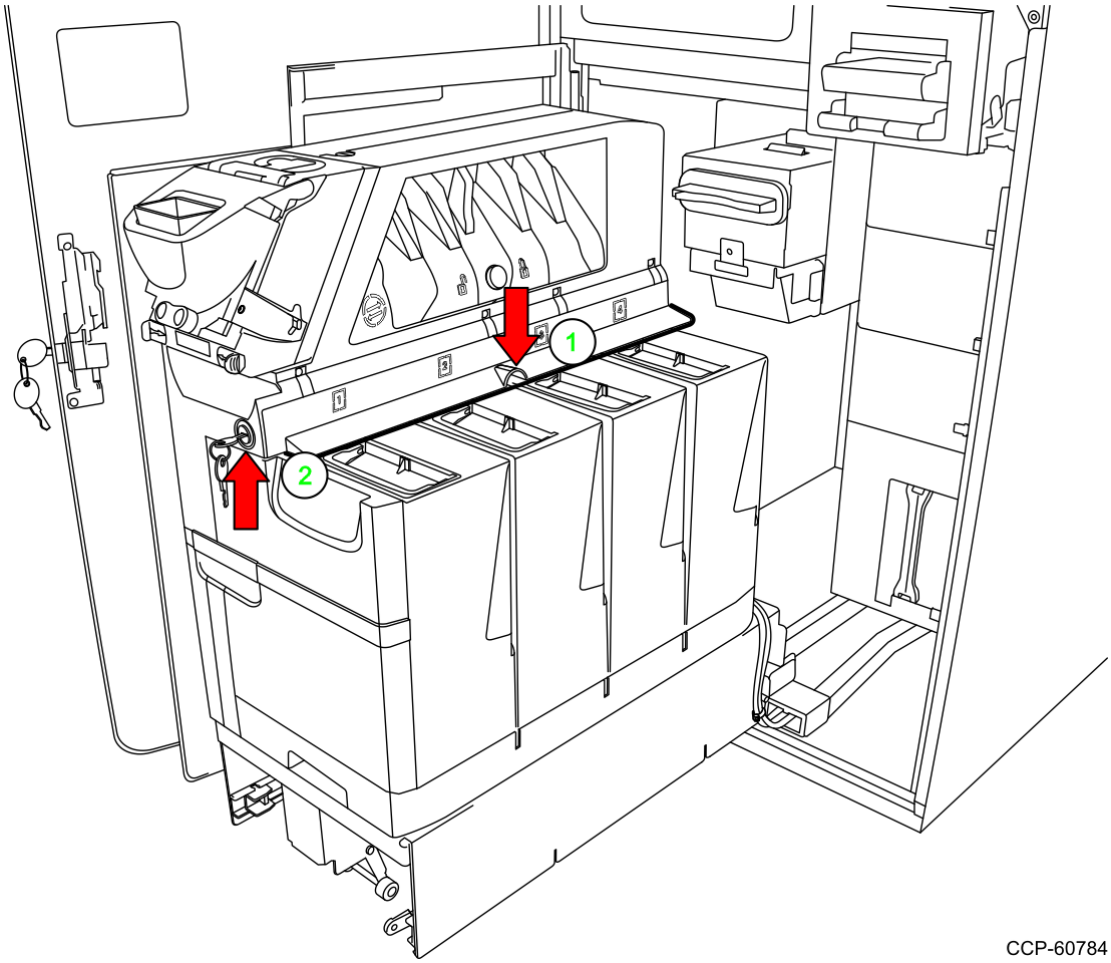
Note: Ensure that the connector on the hopper is aligned and plugged with the connector on the chassis.



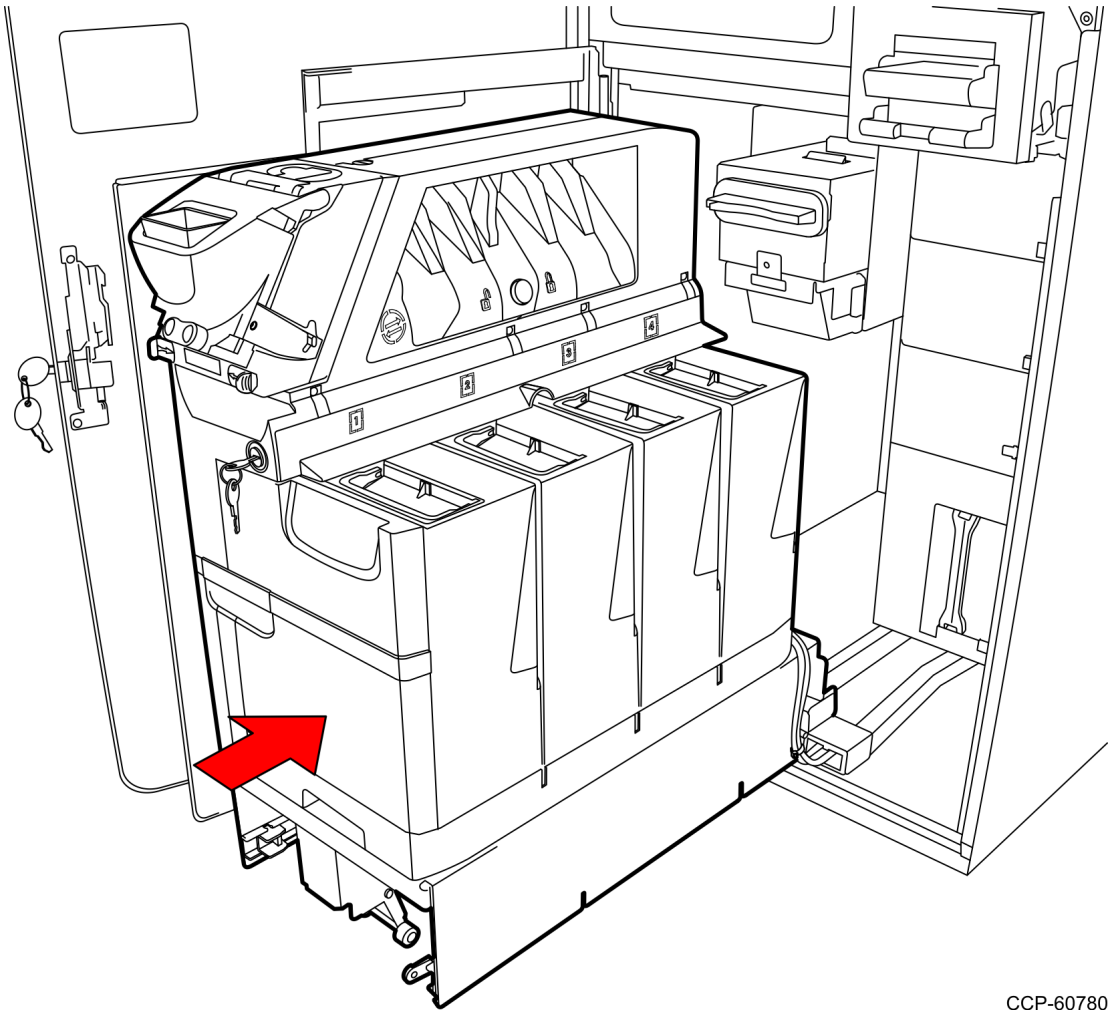
CCP-60953

Note: When the Locking bar is lifted to access the hoppers, the power is automatically turned off to these modules.

3. Lower the locking bar and then turn the key to secure the locking bar in place and lock the hoppers.



4. Push Coin Recycler back into the cabinet.



5. Turn on the R6 unit. The ADD/CADD window is displayed, showing available devices.

Note: The R6 application automatically runs and installs all available devices. If the new or replaced device is not listed in the ADD/CADD window, an error message is displayed. Follow the instructions on how to fix the error and then, restart the R6 system.

Note: If the R6 unit is on, restart the system.
