* Items marked with an asterisk are not called out on the image.

Installation Procedure

Installing the R6 CTM Custom Top Cover on the NCR Voyix FastLane SelfServ™ (7362) Cash Tender Module unit requires an M4 Nut Driver with torque limiter and involves the following procedures:

1. "**Removing the Top Cover**" on the next page.
2. "**Installing R6 CTM Custom Top Cover**" on page 10.

> **Note**
> Use magnetic screwdrivers to easily handle screws.

Removing the Top Cover
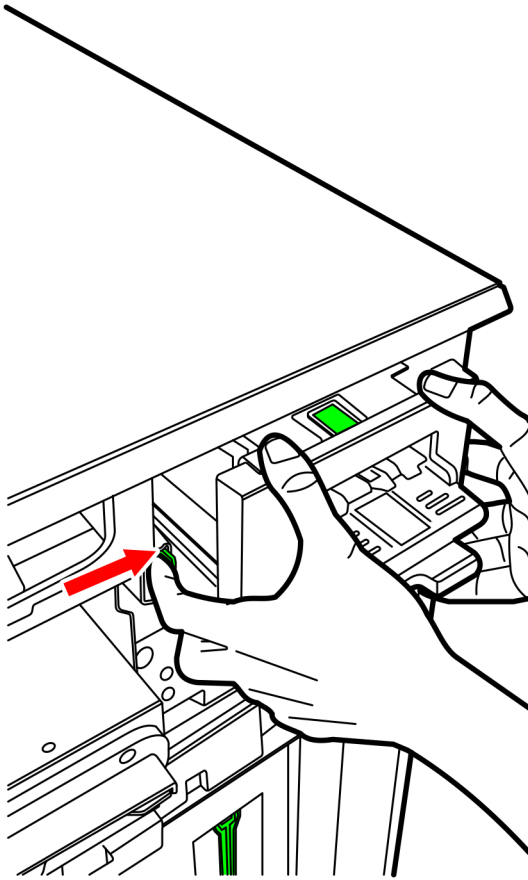

To remove the top cover, follow these steps:

1. Using the door key, unlock and then open the NCR Voyix FastLane SelfServ™ (7362) Cash Tender Module Core Door.

CCP-70906

2. Depending on the type of security lock, unlock and then open the Security Door.

3. Push the green latch toward the Top (Main) Module, and then rack out the Note Recycler out of the cabinet.

CCP-74405

4. Remove three M4 Nuts securing the top cover to the main assembly. Use an M4 Nut Driver as shown in the image below.
