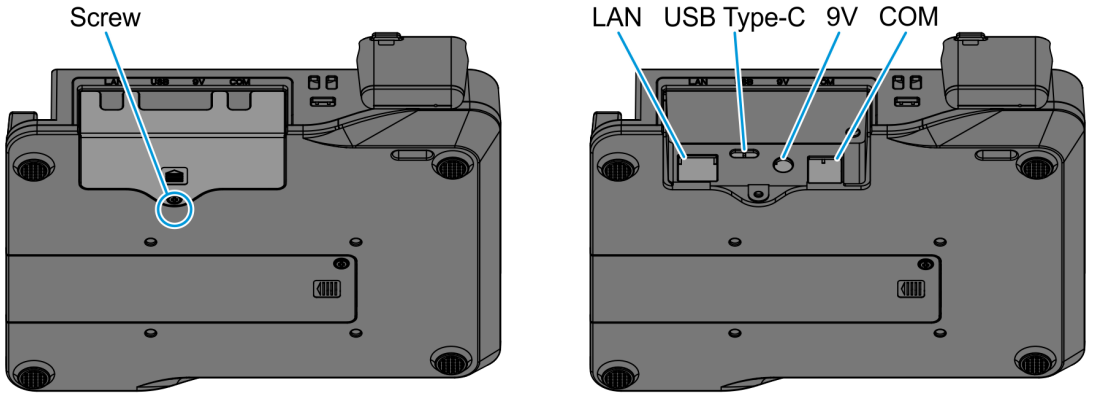
*	497-0423108	Instructions - Kit (Reference Sheet)

* Items marked with an asterisk are not called out on the image.

Installation Procedure

1. Connect the cables to the Saturn 1000-L device.



CCP-79459

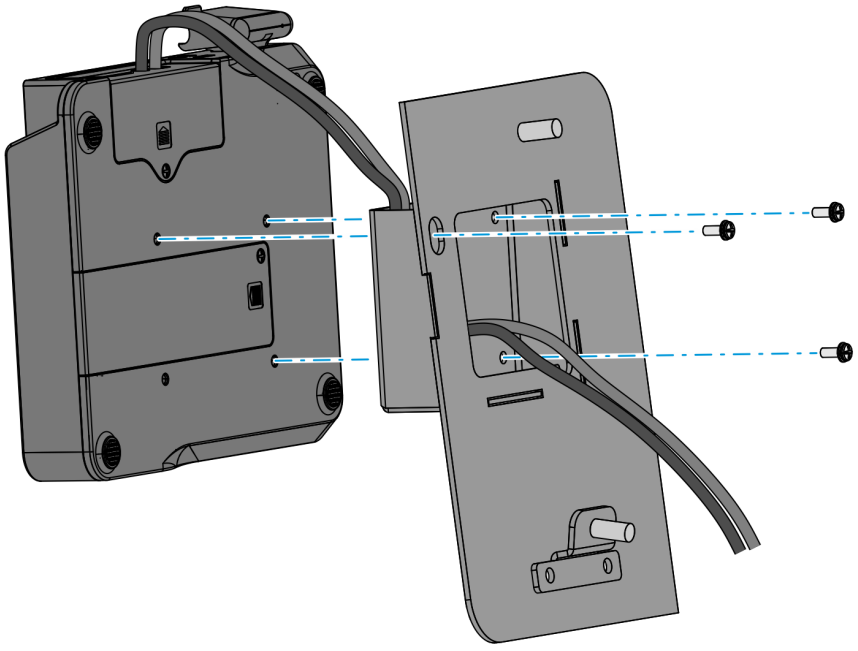
   a. Remove the back cover by removing the screw indicated in the above image.

   b. Connect the cables to their corresponding ports.

   Note: Cable connections may vary depending on customer configuration.

   c. Reinstall the back cover and secure using the screw.

2. Install the Saturn 1000-L onto its mounting bracket.



CCP-79460

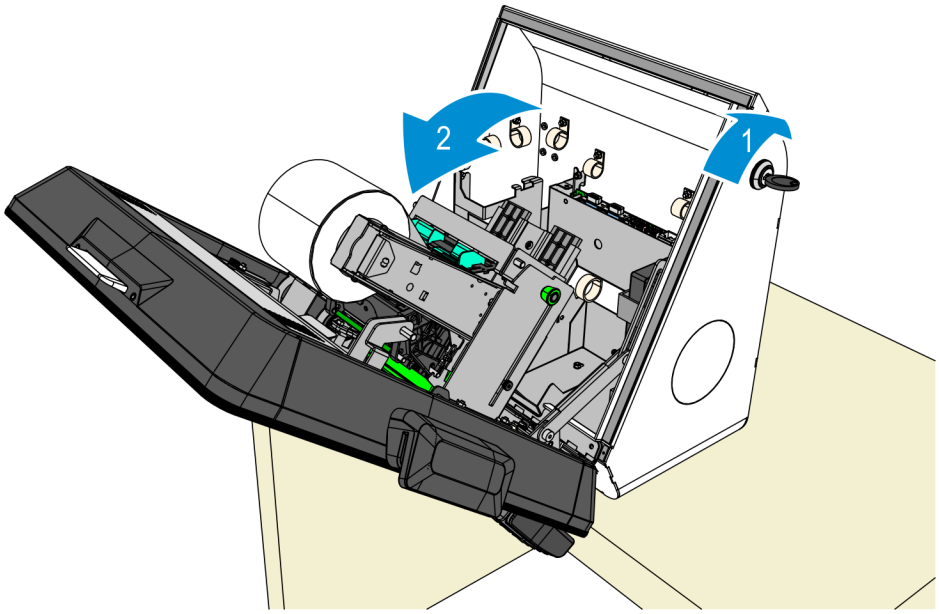
   a. Route the cables through the cable access hole on the bracket.

   b. Align the Saturn 1000-L mounting holes with the bracket mounting holes, and then secure the Saturn 1000-L using three M3x8 screws.

3. Open the kiosk. Insert the key into the lock, turn the key clockwise, and carefully open the front of the kiosk.
   - For **7709 R1.0 and R1.1** units, the lock is located at the back of the kiosk.
   - For **7709 R1.2 and R2.x** units, the lock is located at the right-hand side of the kiosk.

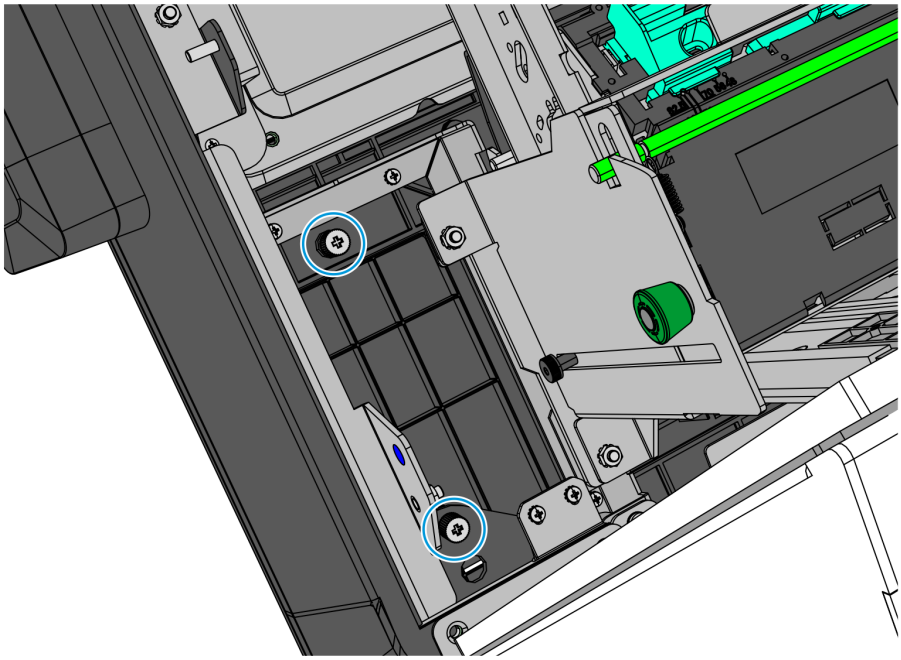
Caution: Do NOT abruptly open and release the front of the kiosk. Hold and support the front of the kiosk until fully extended.

Note: The following image shows a 7709 R1.2 unit.



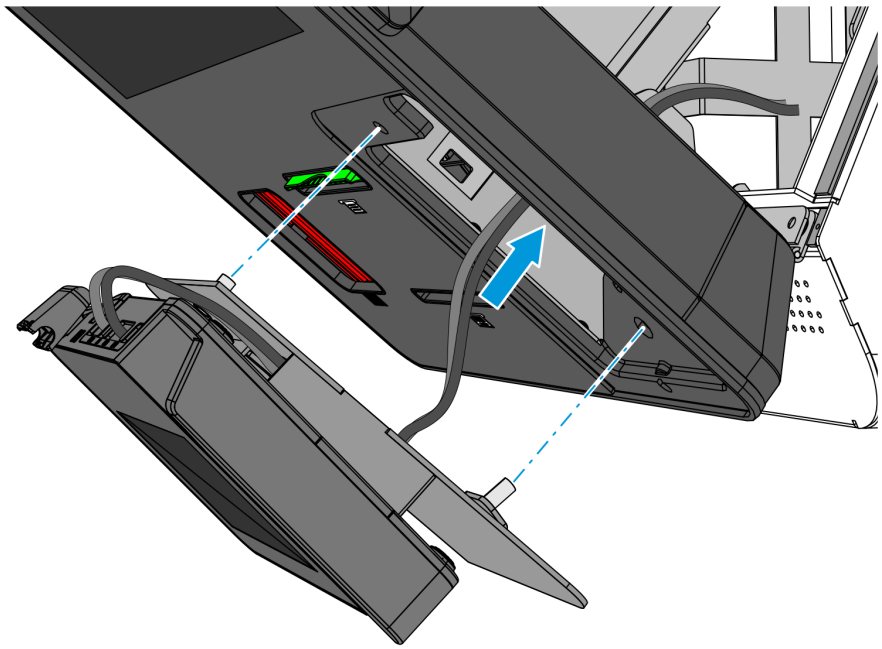
CCP-73618

4. Remove the PIN Pad Blank Plate.
   - While holding the PIN Pad Blank Plate from outside the kiosk, loosen the two thumbscrews that secure the Blank Plate to the Display Head, and then remove the Blank Plate.



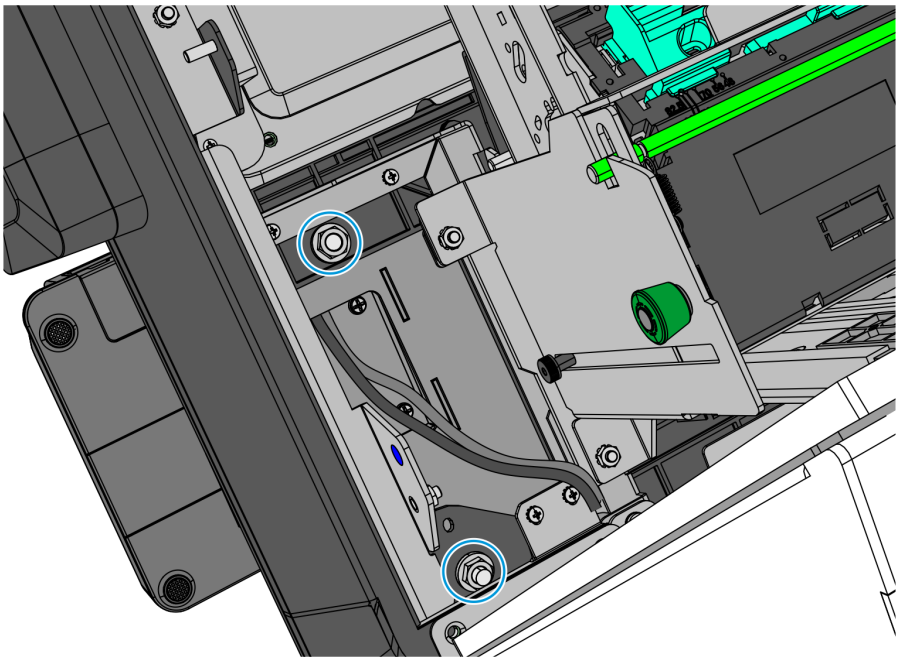
CCP-79457

5. Install the Saturn 1000-L Assembly on the Display Head.
   a. Route the Saturn 1000-L cables through the opening on the Display Head and insert the bracket mounting studs into the Display Head mounting holes



CCP-79456

b. Secure the Saturn 1000-L Assembly using two M6 nuts.



CCP-79458

c. Connect the cables to their corresponding ports.

Note: Cable connections may vary depending on customer configuration.
