Installation Procedure

1. Connect the cables to the Saturn 1000-L device.

Screw   LAN   USB Type-C   9V   COM

CCP-79459

   a. Remove the back cover by removing the screw indicated in the above image.

   b. Connect the cables to their corresponding ports.

> **📝 Note**
> Cable connections may vary depending on customer configuration.

   c. Reinstall the back cover and secure using the screw.

2. Install the Saturn 1000-L onto its mounting bracket.

CCP-79460

a. Route the cables through the cable access hole on the bracket.

b. Align the Saturn 1000-L mounting holes with the bracket mounting holes, and then secure the Saturn 1000-L using three M3x8 screws.
3. Open the kiosk. Insert the key into the lock, turn the key clockwise, and carefully open the front of the kiosk.
    - For 7709 R1.0 and R1.1 units, the lock is located at the back of the kiosk.
    - For 7709 R1.2 and R2.x units, the lock is located at the right-hand side of the kiosk.

> ⚠️ **Caution**
> Do NOT abruptly open and release the front of the kiosk. Hold and support the front of the kiosk until fully extended.

> 📝 **Note**
> The image below shows a 7709 R1.2 unit.

CCP-73618

4. Loosen the two thumbscrews that secure the Blank Plate to the Display Head, and then remove the Blank Plate.
> **📑 Note**
> Hold the PIN Pad Blank Plate from outside the kiosk while loosening the thumbscrews.

CCP-79457

5. Install the Saturn 1000-L Assembly on the Display Head by doing the following:
   a. Route the Saturn 1000-L cables through the opening on the Display Head and insert the bracket mounting studs into the Display Head mounting holes.

CCP-79456

b. Secure the Saturn 1000-L Assembly using two M6 nuts.

CCP-79458

c. Connect the cables to their corresponding ports.

> **Note**
> Cable connections may vary depending on customer configuration.
